

16 days of adventure | Angola and Namibia

Departure
from Luanda

MOTO TOURS

Start in Luanda

This motorbike tour explores Angola, a country of 1,246,700 km², with elevations that vary between sea level and the highlands of Huambo and Huíla, reaching 2,620m at Morro do Moco.

Taking place on paved roads, the route offers a smooth drive, although with some sections that require special attention.

The itinerary, planned for two weeks and around 4.000 km, includes visits to emblematic places, such as Luanda, Kalandula Falls, Tundavala, Serra da Leba and the Namibe Desert.

It also includes an excursion to Namibia, with a safari in the Etosha National Park, visits to Tsumeb and the largest meteorite in the world.

This event is non-competitive, promoting a relaxed adventure tourism experience, combined with camaraderie and the exploration of breathtaking landscapes, with local hospitality always present.

Possibility of changing the program for homogeneous groups (request quote).

The team

The design, organization and oversight of this trip are managed by an experienced team in events of this nature, not only in Angola but throughout Southern Africa and in different parts of the world. The team leader, Jorge Portugal, born and raised in Angola, has road travels as his greatest passion. Since childhood, alongside his father, he enjoyed exploring the country, becoming a profound connoisseur of Angola's roads and tracks, capable of describing routes by heart, even without a map.

A private pilot of both aircraft and automobiles, Jorge has also developed navigation skills, essential for planning safe trips tailored to the specific characteristics of the terrain and participants. Among his remarkable experiences, stands out the organization of the Paris-Cape Town Rallye (Dakar 1992) in Angola, the founding of TTT-Turismo Todo Terreno and Raid Cacimbo, the largest off-road event that takes place annually in Angola, since 1996 to this day!

Jorge is a member of the motorbike group "Eleven's" and since 2010 he has participated in major motorcycle trips throughout Angola and the world, including; "BigSix" in 2010 (Luanda-Maputo-Luanda), "Eleven UP" in 2011 (Luanda- Addis Ababa -Cairo-Tripoli-Tunis-Marseille-Porto) and other stages of the Eleven's group's trip around the world, covering Europe and Russia (2013), North America (2015), South America (2017), Australia (2019) and Asia (2023).

The team has also experienced support vehicle drivers, ensuring technical and logistical assistance during the trip.
